

Celebrating 25 years!

The aim of Mothers Who Care, under Campus Crusades Ministry, is to start up prayer groups in schools. The aim is to ask the Holy Spirit to teach us to pray as we seek God's will be done in our schools.

At times we meet together with other groups from our area in order to learn from, encourage, bless and support one another.

If you would like to get more involved in supporting the prayer groups in this area, please speak to a group or area leader!

How we work?

A Group Leader is prayerfully chosen to lead the school prayer group and to liaise with the school and their group as well as their MWC area coordinator.

Area Coordinators are merely praying mums who act as liaisons for a group of schools and the rest of the areas in the province.

Provincial coordinators liaise with other provinces in South Africa.

This way we stay connected and can pray with and for one another more effectively in our local areas as well as in our nation.
